Forklift Operator Training Schedule Winter/Spring 2012 Houston Location

To maintain compliance with O.S.H.A. regulations every person that operates a powered industrial truck must be properly trained at least once every three years. A refresher training is required any time someone is involved in an incident in which the operator's operation of the powered industrial truck caused or contributed to a personal injury or property damage, or provided other clear evidence that the operator operated the equipment unsafely.

As well as scheduled on-site training programs available, **Sunbelt Industrial Trucks** is also offering forklift operator safety training programs at our Houston location. Classes will be held on the first and third Fridays of each month beginning at 8:00 a.m. (some exceptions may apply). This program is designed to help you comply with existing and upcoming regulations for forklift operations. Certificates of Completion and licenses for the O.S.H.A. required classroom sessions will be provided to all attendees who receive a passing score of 80% or higher.

To secure space for your operators and maintain the standard for compliance please email your registration to: cbrooks@sunbelt-industrial.com or fax attention to: **Christine Brooks at 281-895-5499**.
